### **DETAILED ACTION**

#### ***Allowable Subject Matter***

2. Claims 1-25 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1-25, Examiner's newly discovered reference of Lohtia et al. fails to teach a system for preventing a call drop between a hybrid access terminal and a CDMA 2000 1xEV-DO system by restricting overhead messages when the hybrid access terminal is periodically switched into a CDMA 2000 1X and 1xEV-DO system. Lohtia discloses a base station and a base station controller with capability of communicating with both CDMA 2000 1X and 1xEV-DO. However, Lohtia does not teach preventing a call drop by restricting overhead message. In fact it teaches away from preventing drop call. Further Lohtia does not teach a hybrid terminal with two modes of CDMA 2000 1X and 1xEV-DO.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
